Whatever your dry skin care needs, the Curel® brand has the perfect solution. Each formula is dermatologist tested, won't clog pores, and is gentle enough to use on your face.

Curel® lotions begin with the superior moisturizing capability of a cationic base formula to lock moisture in to dry skin. People prefer Curel® products because of the "cationic technology" that works not only to heal dry skin – but to leave it feeling soft without feeling greasy.

Whatever your ideal Curel® lotion is, from Fragrance Free to Ultra Healing to Age Defying and Firming, Curel® lotions provide the perfect cure for dry skin.

FAQ | TELL US MORE

Ultra Healing® Daily Moisture Therapy Lotion

- Extra dry skin can be irritating and uncomfortable, and so can greasy creams. Curel® Ultra Healing® Daily Moisture Therapy Lotion for Extra Dry Skin - Moisturizes like a cream but feels like a lotion. Curel® Ultra Healing® lotion is a unique formula that penetrates deeply to heal and prevent extra dry skin. It's clinically proven to quadruple skin's natural moisture level, while its high humectant moisturizing formula absorbs quickly and feels non-greasy. Make dry, uncomfortable skin a problem of the past.

Ingredients

Water, Glycerin, Petrolatum, Cetearyl Alcohol, Behentrimonium Chloride, Cetyl-PG Hydroxyethyl Palmitamide, Isopropyl Palmitate, Avena Sativa (Oat) Meal Extract, Eucalyptus Globulus Leaf Extract, Citrus Aurantium Dulcis (Orange) Oil, Cyclomethicone, Dimethicone, Cholesterol Isostearate, BIS-PEG-15 Dimethicone/IPDI Copolymer, DMDM Hydantoin.
